## National Library Week '98

**JPL Library, Archives, & Records Section's Newly Renovated Facility**

Activities will include demonstrations of the newest BEACON Web resources (<http://beacon>) and tours of the recently renovated facility.

There will be continuous hands-on BEACON demonstrations in the Library Reference Area. Also, the Online Search Center will demonstrate mediated search capabilities — attendees will have the opportunity to sign up for a sample search.

**DATES:**  
**April 21, 22 & 23**

**LOCATION:**  
**JPL Library  
Reference Area  
in the West end  
of Building 111**

*Don't miss the drawing for NASA Special Publications on all three days!*
